XRP Ledger

A custodial account for XRP, with yield and borrowing built in.

Hold XRP with institutional custody, allocate it to yield products, or borrow against it — with every request tracked from submission to settlement.

Institutional custody
Keys stay with a disclosed custody provider — never on your phone.

Yield on crypto assets
Only products with published rates, terms and risks.

Borrow against crypto
See LTV and liquidation price before you apply.

This is a custodial service. **What that means** >

Verify your identity

It takes about 5 minutes. You'll need a government-issued photo ID and a well-lit place to take a selfie.

What we'll check

Photo ID Passport, national ID or driver's licence	Not started
Selfie Matched against your ID photo	Not started
Proof of address Dated within the last 3 months	Not started

What verification unlocks

Deposits	Needs verification
Withdrawals	Needs verification
Exchange requests	Needs verification
Yield products	Needs verification
Borrowing	Needs verification

Choose your ID

Use a valid, unexpired government-issued photo ID.

- **Passport**
  Photo page only
- **National ID card**
  Front and back
- **Driver’s licence**
  Front and back

Issuing country

Nigeria

Photos go straight to [KYC provider] over an encrypted connection. They aren’t saved to your camera roll.
